Nationwide network of dentists

Access discounts on services when you use a dentist in the UnitedHealthcare network

Vision benefits also available

For an additional premium, you can get coverage for eye exams, glasses and contacts once annually in most states¹

Why is dental and vision care important?

Taking care of your health goes beyond regular medical checkups. Dental and vision health are just as important to your overall well-being. A confident smile and the ability to see clearly can help serve your relationships and support your performance at school and at work.

Having a UnitedHealthcare-branded dental and/or vision plan, underwritten by Golden Rule Insurance Company, a UnitedHealthcare company, can provide additional coverage to help protect your overall health and budget.

¹In most states, vision is available in a separate plan. In RI and WA, you can add vision to your dental plan for additional premium. Vision coverage is not available in MN.

Golden Rule Insurance Company is the underwriter of these plans. These products are administered by Dental Benefit Providers, Inc. for dental benefits and Spectera, Inc. for vision benefits.

Product design and availability varies by state. This policy has exclusions, limitation, reduction of benefits, terms under which the policy may be continued in force or discontinued. For costs and complete details of the coverage contact the company. See product brochures for details.
