OSU/A&M Voluntary Contribution Plans
The OSU/A&M Voluntary 403(b) Retirement Plan and the OSU/A&M Voluntary 457(b) Deferred Compensation Retirement Plan offer all OSU/A&M employees an opportunity to set aside retirement savings on a voluntary basis. All employees paid through the OSU/A&M payroll system, including student and temporary employees, are eligible to participate regardless of classification, percent of time employed, or length of appointment. Additional information is available at http://hr.okstate.edu/benefits/vrp.

Elected contributions are deducted from an employee’s regular paycheck on a pre-tax basis (federal and state withholdings but not FICA), or you can contribute on an after-tax basis with the Roth 403(b) Plan. Minimum contribution is $15 per month for each plan.

TIAA-CREF is the sole approved provider. To begin contributions, change the amount of contributions or cancel participation, you will need to complete a Salary Reduction Agreement form. Your elections will become effective no earlier than the first of the following month following month the Agreement form is received by your Human Resources office.

You may obtain information such as how to enroll with the provider, the Salary Reduction Agreement form, annual contribution limits, and other plan features from the OSU/A&M Retirement Program Microsite http://www1.tiaa-cref.org/tem/okstate/, or from OSU Benefits, 106 Whitehurst, Stillwater, (405) 744-5449, or from your local human resources office.

If you are participating in the Oklahoma Teachers’ Retirement System plan, the OSU/A&M Retirement Program offers you an additional opportunity to save and invest for retirement.

Holiday Lights in the Office
Each holiday season, individuals and departments may decorate their areas with holiday lights. While holiday lights are lovely to look at, they also contribute to increased energy costs. If you plan to decorate with lighting, consider using strings of LED lights rather than incandescent. To further minimize energy waste, unplug lights before you leave for the day, or put them on timers.

If you would like to calculate the total watts of a string of lights, visit http://www.christmaslightsetc.com/pages/how-much-power.htm.

Happy Holidays!

Rita Hundley Wins an iPad Mini in the Square Up Your Savings Challenge!

Rita Hundley, along with many other OSU/A&M employees, recently participated in the online Learn, Earn, Win! Square Up Your Savings Challenge! Rita is a specialist, business operations, in University Health Services. Square Up Your Savings is a fun, online game where you can learn important strategies to boost your savings know-how. The more you play, the better your chances of winning. At the end of the challenge, sponsored by TIAA-CREF, the map location of the hidden iPad Mini was revealed; Rita Hundley was the lucky owner of the winning square and won an iPad Mini!

As Rita noted, “…(the challenge) would provide some basic savings skills to someone that is not currently saving or wants to increase how they are saving.”
