What is a Flexible Spending Account?
A Flexible Spending Account (FSA) is a benefit program that allows employees to pay for eligible out-of-pocket health care and dependent care expenses with pre-tax dollars.

You may elect reimbursement from:

- Health Care Account: qualified medical expenses that you incur for treatment of yourself, your spouse, and your eligible dependents up to $2,500 for a plan year.
- Dependent Care Account: dependent care expenses for children under the age of 13 with an annual household contribution maximum of $5,000.

As you consider your 2016 enrollment, remember you can carryover up to $500 of the remaining FSA balance from your 2016 plan year to the 2017 plan year. For the 2016 plan year, you can submit claims with dates of services incurred from January 1, 2016, to December 31, 2016.

Employees Currently Enrolled in a FSA or HSA must Re-Enroll for 2016
If you are currently enrolled in a health care Flexible Spending Account (FSA) or Dependent Care Account (DCA) or a Health Savings Account (HSA) and wish to participate in any of these plans in 2016, you will need to re-enroll as your current election(s) will be reset to zero.

Health care FSAs are limited to $2,550 employee contributions. If you and your spouse are both employed, both of you may participate and contribute up to $2,550 each in a health care FSA. Dependent Care Account contributions are limited by the Internal Revenue Service to $5,000 annually.

Health Savings Accounts
Employees who wish to participate in a Health Savings Account (HSA) must be enrolled in the BlueEdge High Deductible Plan, cannot be Medicare-eligible, cannot be claimed as a dependent on another person’s tax return, and cannot be enrolled in any other non-qualified medical plan.

The HSA has annual contribution limits of $3,350 individual and $6,650 family. These maximums include employer contributions.

Contributions made to an HSA rollover year to year and are yours to take with you if you leave the University. The HSA is not pre-funded and acts more like a checking account. HSA participants can use the funds beyond medical expenses for such items as COBRA premiums, health insurance premiums (while employed), long-term care insurance, and Medicare insurance premiums including A, B, C and D products.

New Flexible Spending Vendor in 2016

OSU is excited to announce a change in the Flexible Spending Account (FSA) administrator beginning January 1, 2016. This will impact employees enrolled in health FSA and dependent care FSA plans. The new vendor is Chard Snyder, a company based in Ohio. Chard Snyder will continue to provide such conveniences as access to a mobile app where you can manage your account or simply check your balance or upload a receipt.

You will receive a new FSA card towards the end of December to begin using January 1st. The elections you choose during annual enrollment will be sent to Chard Snyder. After January 1st, you will no longer need to use your WageWorks card. As more specific information comes available, we will communicate with you. If you have any questions, please contact OSU Benefits at (405) 744-5449.
