HOLIDAY PAY

Employees required to work during a University holiday will be compensated in accordance with Policy 3-0709, University Holidays. A non-exempt employee who works on December 25 will be paid one and one-half times for the time worked, plus time for the holiday. If a non-exempt employee works on a holiday other than December 25, the employee will receive compensation at the straight time rate for each hour worked in addition to holiday pay or a total of two times the straight time rate.

Overtime rates may apply in rare instances. Exempt employees receive compensatory time off if required to work during University holidays.

The University Holidays policy can be found on the web, <http://hr.okstate.edu>. If your area/department is modifying the holiday schedule in order to provide essential activities which cannot be discontinued without adverse effects, the exception must be approved by the appropriate vice president and notice of approved substitute holidays filed with the Office of University Human Resources.
